OUR STORY

Globalmate Exports is an established merchant and processing export enterprise based out of Coimbatore, Tamil Nadu, India. We specialize in processing and exporting premium grade 100% natural Moringa leaf powder, Hibiscus flower powder and Dehydrated Red Onion powder to importers, food manufacturers, nutraceutical producers and retail distributors across the EU, US, Gulf, UK and Asia-Pacific.

We combine direct sourcing from trusted organic agricultural clusters in South India with low-temperature micro-milling technology and rigorous batch-wise lab testing (COA). Every export consignment is dispatched under strict hygienic standards with complete compliance documentation.

Moringa Powder

Hibiscus Powder

Red Onion Powder

Direct Farm Sourcing

Sourced from organic agricultural farms in South India.

Cold Micro-Milling

Low-temp milling retains maximum nutrients & aroma.

Batch Lab Testing

Microbiology & heavy metal COA test compliance.

Worldwide Dispatch

Container routing via Chennai, Tuticorin & Kochi ports.

QUALITY ASSURANCE & INTERNATIONAL RELIABILITY

We adhere to strict EU, US-FDA and ISO quality specifications. From farm-level procurement to final container sealing, every consignment undergoes organoleptic, chemical and microbiological evaluations before export dispatch.

30% Advance T/T, 70% against shipping documents / Irrevocable LC at sight for full container loads.

Pre-Shipment Sampling & Spec Match

Commercial sample dispatches available via express courier (DHL/FedEx) for lab testing and spec matching prior to contract execution.

Custom Cargo Consolidation & Tracking

Support for mixed-commodity container loads, multi-SKU palletization, and real-time maritime vessel shipment tracking for international buyers.

100% NATURAL MORINGA POWDER

Moringa oleifera • Botanical Superfood

Premium *Moringa oleifera* leaf powder produced from shade-dried leaves organically grown in South India. Our low-temperature micro-milling preserves maximum natural protein, chlorophyll, essential amino acids and antioxidant polyphenols.

Botanical Name	Moringa oleifera
HS Code (6-digit)	1211.90 (Harmonised System)
ITC (HS) Code (8-digit)	12119090 (Indian Trade Classification)
Color & Appearance	Vibrant Bright Green Fine Powder
Mesh Size / Texture	80 - 100 Mesh (Micro-fine)
Moisture Content	≤ 6.0% Max (Export Standard)
Total Ash	≤ 8.0% Max
Additives / Dyes	Nil (100% Pure Leaf Powder)
Microbiology	TPC & Yeast/Mould within limits; E. coli & Salmonella absent
Export Packaging	1kg / 5kg / 10kg / 25kg Poly-lined Kraft Bags / Cartons / Pouches
Shelf Life & Storage	24 Months in cool, dry storage
Minimum Order (MOQ)	500 kg per order (Sample orders available)

 Nutritional Profile & Primary Applications

Rich in Vitamin A, C, Iron, Calcium and 9 Essential Amino Acids. Widely used in Dietary Supplements, Superfood Premixes, Functional Beverages, Herbal Capsules, and Nutraceutical Formulations.

- 100% Raw Leaf
- Zero Additives
- Cold Micro-Milled
- COA Guaranteed

HIBISCUS FLOWER POWDER

Hibiscus sabdariffa • Herbal & Floral Powder

Harvested from deep red Hibiscus petals, our Hibiscus Flower Powder is solar dried and milled into a smooth, water-dispersible powder. High in natural Vitamin C, anthocyanins and bioflavonoids, ideal for beverage blends, teas and cosmetics.

Botanical Name	Hibiscus sabdariffa
HS Code (6-digit)	1211.90 (Harmonised System)
ITC (HS) Code (8-digit)	12119090 (Indian Trade Classification)
Color & Appearance	Deep Natural Ruby-Red Fine Powder
Flavor & Aroma	Pleasant Tart & Fruity Floral Profile
Mesh Size / Texture	80 - 100 Mesh
Moisture Content	≤ 7.0% Max
Solubility	Water Dispersible in Blends
Additives / Dyes	Zero Artificial Dyes or Preservatives
Microbiology	TPC & Yeast/Mould within limits; E. coli & Salmonella absent
Export Packaging	1kg / 5kg / 10kg / 25kg Poly-lined Bags / Heavy Duty Export Cartons
Shelf Life	24 Months in cool, dry storage
Minimum Order (MOQ)	500 kg per order

 Biochemical Profile & Target Applications

Rich in natural Anthocyanins, Vitamin C, Organic Acids, and Bioflavonoids. Essential ingredient for Herbal Teas & Infusions, Botanical Beverages, Natural Food Colorants, Cosmetics, and Hair Care.

- Deep Ruby Red
- Water Dispersible
- Sun-Dried Petals
- Zero Dyes

DEHYDRATED RED ONION POWDER

Allium cepa • Dehydrated Agro Product

Manufactured from freshly sorted red onions, our Dehydrated Red Onion Powder uses advanced low-temperature dehydration to preserve intense natural aroma, deep purple-red hue and authentic onion flavor. Free-flowing and non-caking.

Botanical Source	Fresh Red Onions (<i>Allium cepa</i>)
HS Code (6-digit)	0712.20 (Harmonised System)
ITC (HS) Code (8-digit)	07122000 (Indian Trade Classification)
Color & Appearance	Deep Natural Red / Purple Fine Powder
Aroma & Taste	Pungent, Sweet Natural Onion Aroma
Moisture Content	≤ 5.0% Max (Export Standard)
Insoluble Ash	≤ 0.5%
Clumping Agent	None (100% Pure Free-Flowing)
Microbiology	TPC & Yeast/Mould within limits; E. coli & Salmonella absent
Export Packaging	1kg / 5kg / 10kg / 25kg Poly Bags / Heavy Cartons / Vacuum Packs
Shelf Life	24 Months in cool, dry storage
Minimum Order (MOQ)	500 kg per order

Dehydration Quality & Food Industry Applications

Low-temperature dehydration preserves essential volatile oils for intense authentic pungency. Essential ingredient for Seasoning Blends, Instant Soups, Sauces, Snacks, Canned Foods, and Retail OEM Packets.

- Pungent Aroma
- Free-Flowing
- Non-Caking
- Zero Added Salt

CUSTOM PACKAGING & PRIVATE LABEL

Globalmate Exports offers end-to-end packaging flexibility tailored to international wholesale distributors, food manufacturers and retail brands.

Bulk Commercial Packing

20kg & 25kg multi-wall Kraft paper bags with food-grade inner poly liners for bulk ingredient imports.

Vacuum Sealing

High-barrier aluminum foil vacuum pouch packaging for extended shelf life stability in export destinations.

OEM Private Labeling

Custom pouch size printing (100g, 250g, 500g, 1kg) with private branding, barcodes & nutritional panels.

Export Palletization

Heat-treated ISPM-15 compliant wooden pallets with heavy shrink-wrap stretch protection for sea freight.

Retail Stand-Up Pouches

Resealable zipper pouches in matte finish, craft paper, or metallic foil for retail shelves.

Barcoding & Custom Art

Full design support, GTIN/EAN barcode integration, lot numbers & multi-language labeling.

Food-Grade & Moisture-Barrier Protection

All primary packaging materials are 100% US-FDA & EU food-contact compliant, ensuring zero degradation during ocean transport.

4-STEP OEM & PRIVATE LABEL FULFILLMENT PROCESS

1. Spec Match

Sample Approval

2. Pouch Design

Barcode & Custom Art

3. Auto Packing

Sealing & N2 Flush

4. Sea Export

Palletized Dispatch
